

Weaselhead AGM, Nov. 19th 2018:

Directions to Riddell Library and Learning Centre:

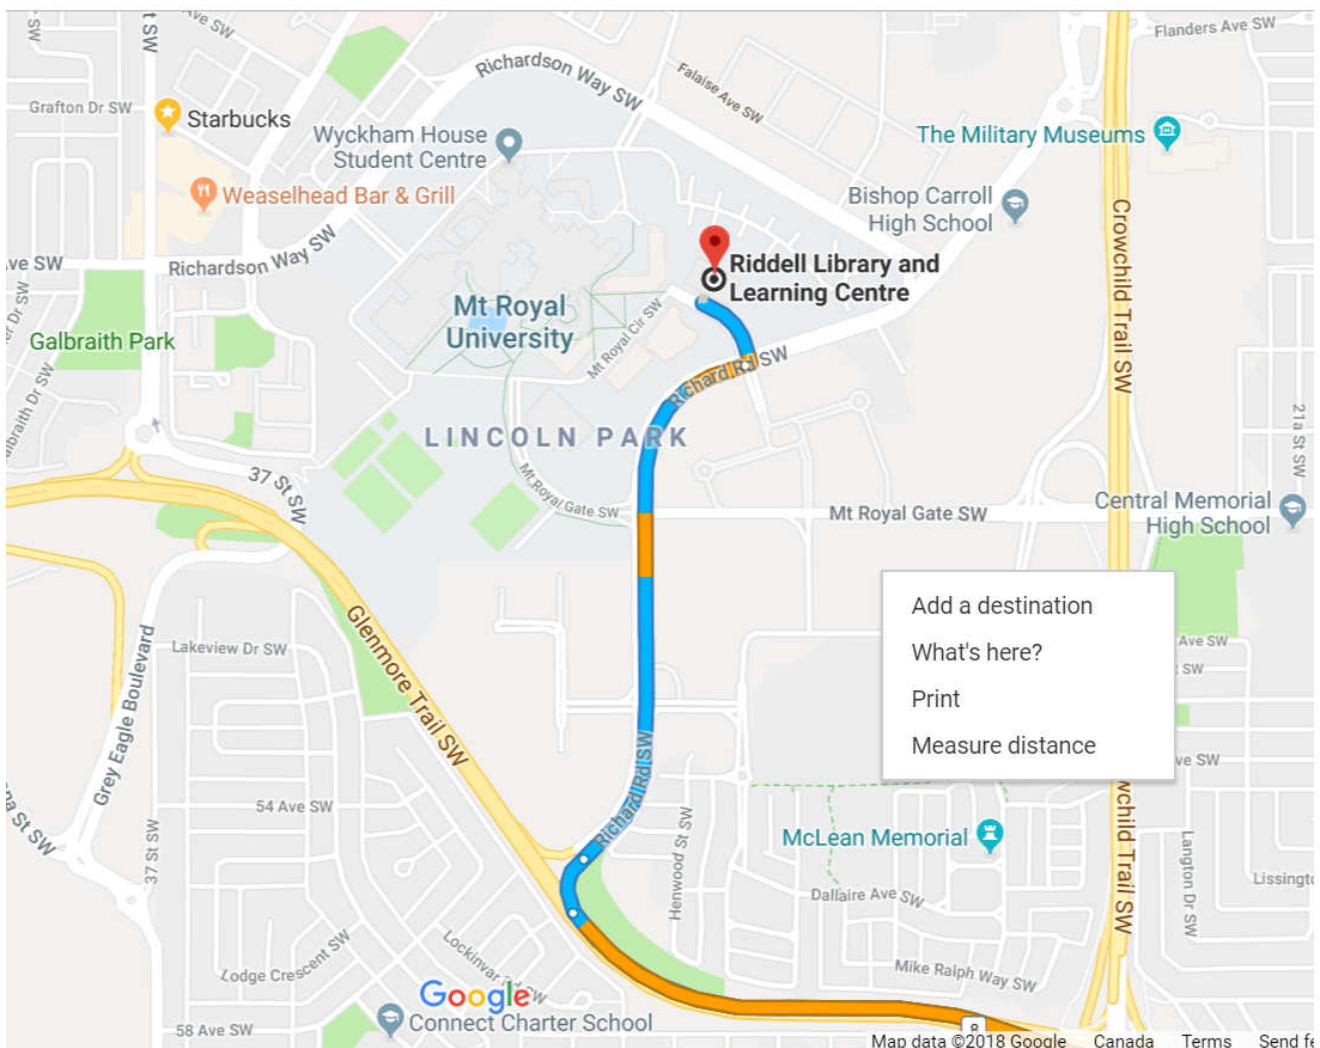

If coming from north of the reservoir,

- take Richardson Way east from 37th St, at 'T' intersection bear right onto Richard Road,
- take the first right into the university (note: there were road works at this intersection at the time of writing – 5th Nov.)
- go 50m then turn first right into parking lot

If coming from south of the reservoir,

- take Glenmore Trail west,
- take the first turning right after Crowchild Trail along Richard Road
- take the third turning left into the university (note: there were road works at this intersection at the time of writing – 5th Nov.)
- go 50m then turn first right into parking lot

Once in the parking lot tickets can be purchased from three ticket machines by the entrance to the library. The ticket needs to be displayed in your car. (Note: the signs in the parking lot say *'permits must be displayed'* which is a little confusing, but tickets are OK too, choose any vacant stall...!)

The library has two entrances – one on the east and one on the west of the building. Please use the east entrance (by the parking lot) where signs and volunteers will direct you to the **Immersion Studio** for the installation *'What's So Special about a Weasel's Head'* (drop in anytime 5.30 – 7.30pm) and to the **Visualisation Classroom** for the AGM (7.30 – 8.30pm).
